

AWESOME **LEGO**® ACTIVITIES

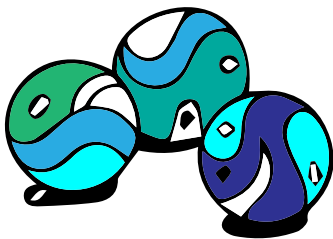

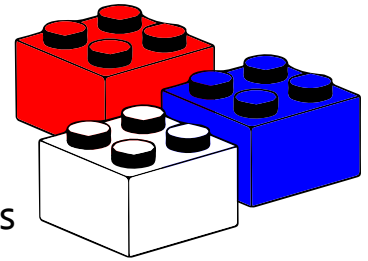

LEGO BALLOON CAR

This Lego balloon car is so easy to build and super fun to play with for quite a few ages, at least 5 to 70 to be exact!

LEGO FLAG

Build your country's flag with Legos! It is not a difficult building challenge, and there are some great math lessons for young kids involved!

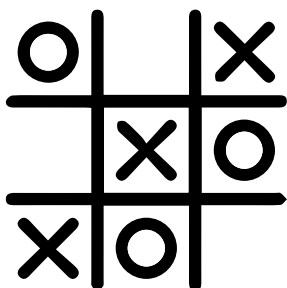

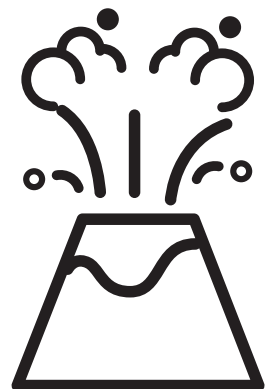

LEGO MARBLE MAZE

There's lots to learn when you are building this LEGO marble maze! Planning, engineering, testing, problem solving, and designing are all a part of the process. A little trial and error is good for kids.

LEGO VOLCANO

There's nothing better than baking soda and vinegar experiment to explore chemical reactions! It is one of our go-to classic science experiments and we have loads of fun variations.

LEGO TIC TAC TOE

Make your own homemade LEGO tic tac toe board. This is a quick and easy DIY LEGO tic tac toe board activity perfect for rainy days or quiet time.
