# Rules

## PREPARING THE GAME

1. Print a game board and a sheet of shapes.
2. Colour in the shape designs or make your own designs using the blank template.
3. Carefully cut out each shape and you are ready to play!

## SOLO GAME

1. Can you get all the shapes to fit onto the board?
2. Challenge! Place all the shapes into a draw pile and shuffle. Take a piece at random to place on the board. Can you still get them all to fit?

## GAME FOR 2 - DRAW PILE

1. Place all the shapes into a draw pile and shuffle.
2. Take turns picking a piece and placing it on the board. Pieces must 'drop' all the way to the bottom of the board or onto another piece already played. (For younger children this rule could be omitted to make the game easier.)
3. Continue play until there isn't any space on the board to fit the next selected piece. Whoever placed the last piece is the winner.

## GAME FOR 2 - SHARE THE SHAPES

1. Share out all the pieces equally (There are 2 of each design).
2. Each player either makes their own draw pile or for an easier game they can choose which piece to play on their turn.
3. Continue play until someone can't go, as above.
