

③ Use a glue stick to spread glue on the tabs.

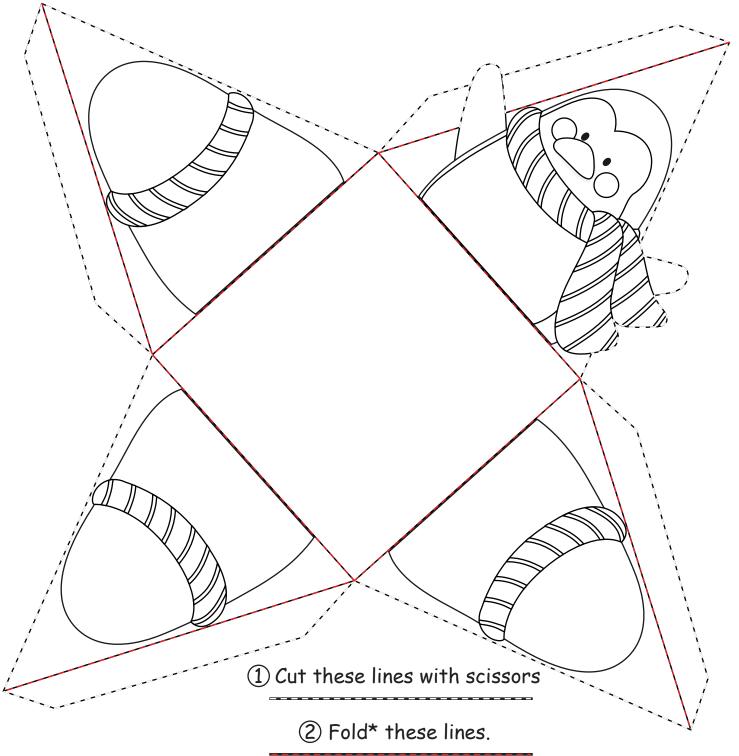

(4) Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

③ Use a glue stick to spread glue on the tabs.

④ Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

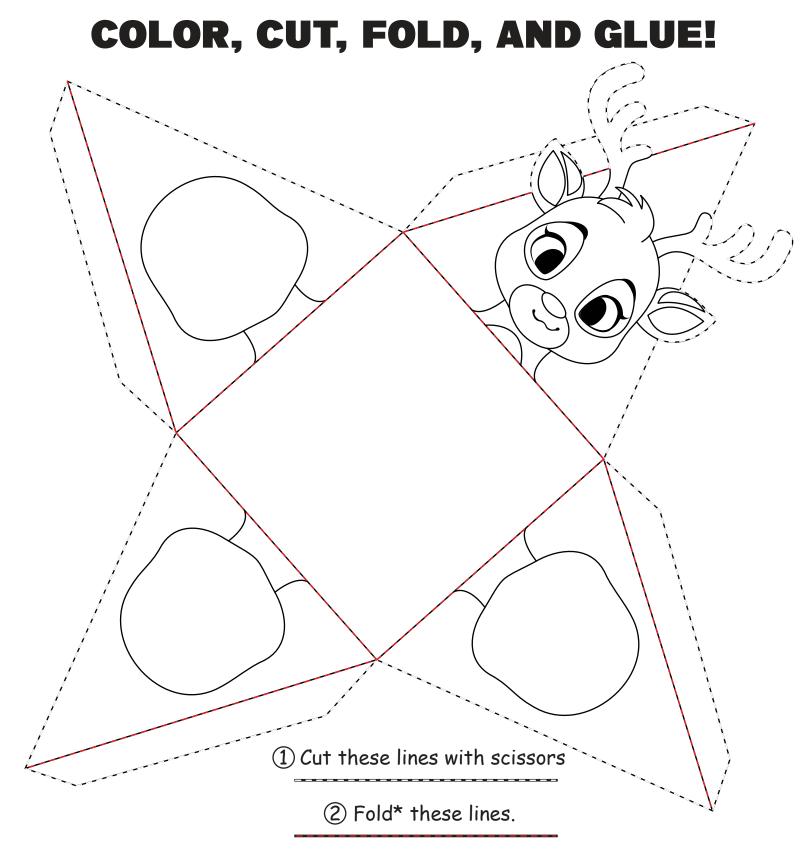

(5) Keep the Snowman's hat sticking out as you're gluing it together!

③ Use a glue stick to spread glue on the tabs.

④ Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

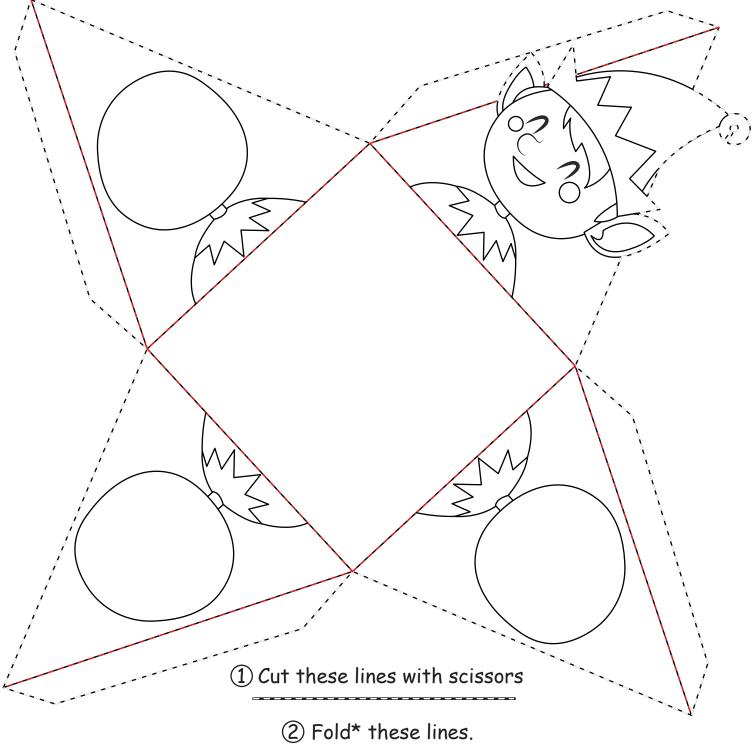

(5) Keep the Penguins flippers and scarf sticking out as you're gluing it together!

③ Use a glue stick to spread glue on the tabs.

④ Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

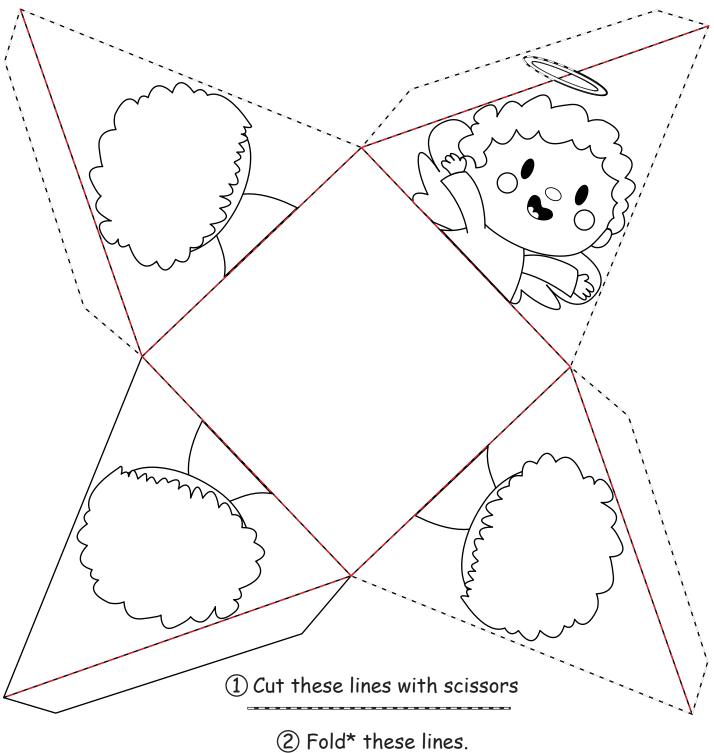

(5) Keep the Deer's antlers and ears sticking out as you're gluing it together!

③ Use a glue stick to spread glue on the tabs.

④ Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

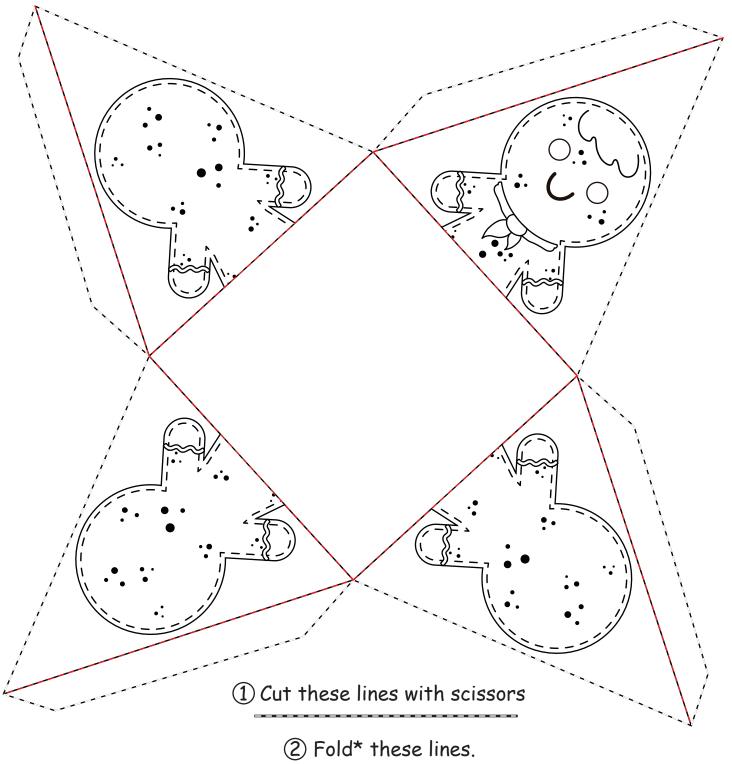

(5) Keep the Elf's hat and ears sticking out as you're gluing it together!

③ Use a glue stick to spread glue on the tabs.

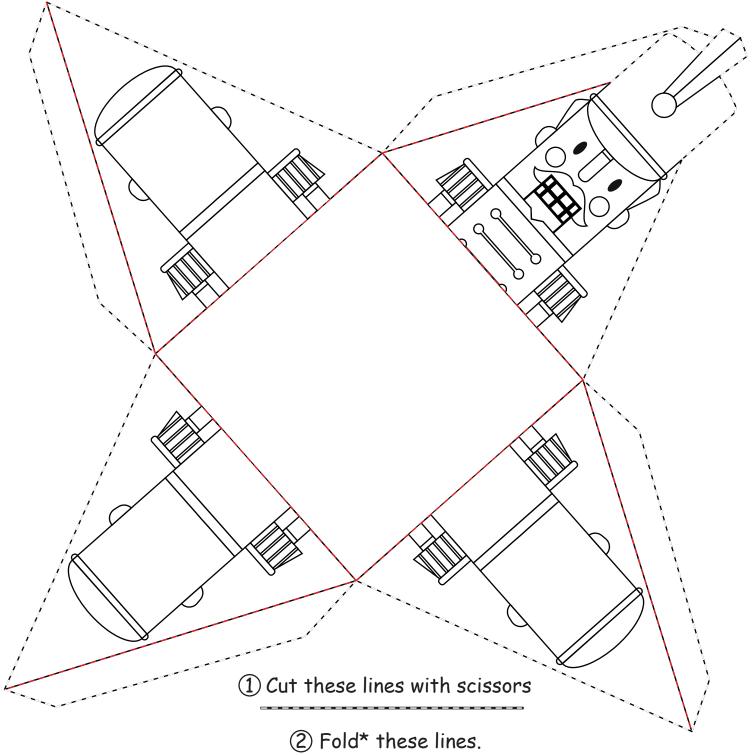

④ Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

(5) Keep the Angel's halo sticking out as you're gluing it together!

③ Use a glue stick to spread glue on the tabs.

(4) Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

③ Use a glue stick to spread glue on the tabs.

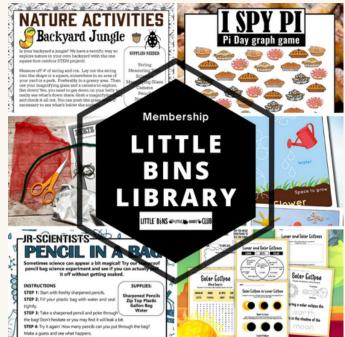

④ Fold the triangle sides together along scored lines into a pyramid shape, using the tabs to glue sides together.

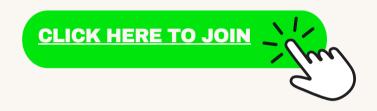

(5) Keep the Nutcracker's hat sticking out as you're gluing it together!

Are you ready to . . .

- ✓ Find manageable science, engineering, and art projects that kids love doing and are budget-friendly.
- ✓ Stop entering your email address over and over for each activity.
- ✓ Spend less time prepping with our easy instructions, templates and supply lists.
- ✓ Spend more time engaging with your students, groups or kiddos.

Meet the Little Bins for Little Hands Duo!

Hi! My name is Sarah, and this is my son Liam. He's actually 13 now. We still LOVE playing around with science and STEM at home.

I shared a simple baking soda and vinegar science activity ten years ago with him. Since then, we've been hooked! Together we have enjoyed 100s of science experiments that are low cost, easy to set up, and just plain FUN!

I always aim to provide the BEST science activities and STEM projects that fit your time and budget! We hope you enjoy the materials we have put together for you today!

~Sarah and Liam
