# BUILD A LEPRECHAUN

Use your crafting skills to make this cute leprechaun for St. Patrick's Day!

#### **INSTRUCTIONS**

STEP 1: Print leprechaun template and color.

**STEP 2:** Use the template to cut four strips of green colored paper.

**STEP 3:** Fold each strip accordion style to make leprechaun's arms and legs.

**STEP 4:** Cut out your colored leprechaun and glue to a separate piece of colored paper.

**STEP 5:** Attach the arms and legs.

STEP 6: Cut three craft sticks in half with your scissors.

**STEP 7:** Tape the craft sticks together to form a top hat.

**STEP 8:** Paint your leprechaun's top hat with acrylic paint.

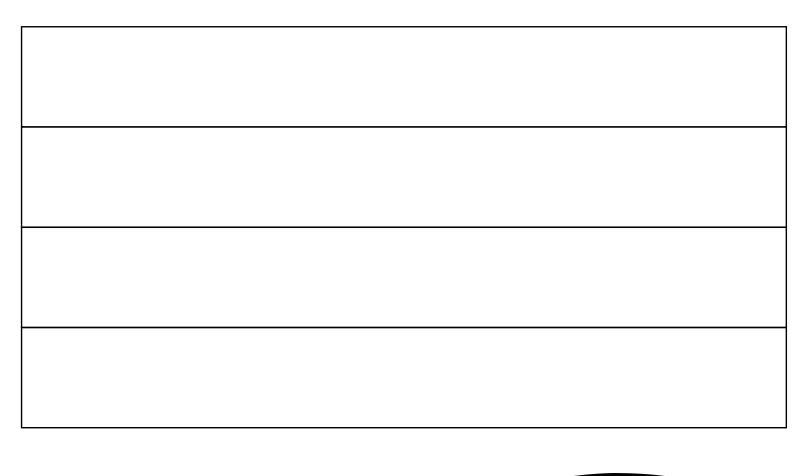

**STEP 9:** Attach the hat to your leprechaun's head with glue stick.

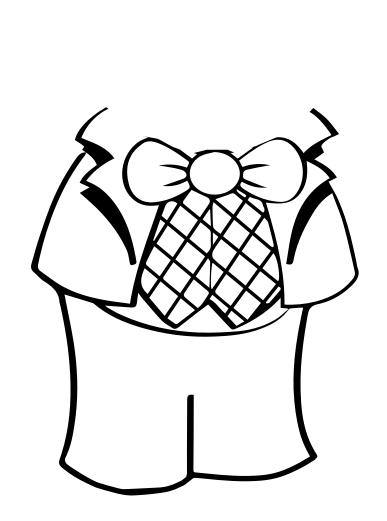

### WHAT IS A LEPRECHAUN?

A leprechaun is a small supernatural being in Irish folklore, described by some as a type of solitary fairy. They are usually depicted as little bearded men, wearing a coat and hat, who tend to cause mischief.

## **SUPPLIES**

Template
Colored paper
Markers
Craft sticks
Tape
Scissors
Glue Stick
Paint

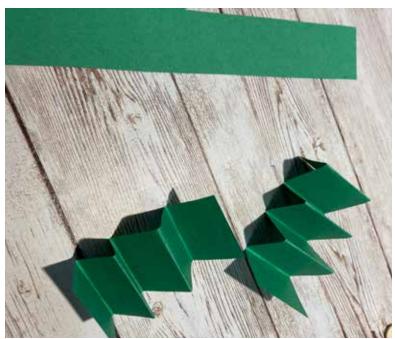

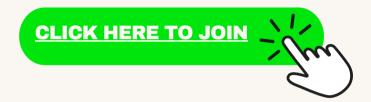

## Are you ready to . . .

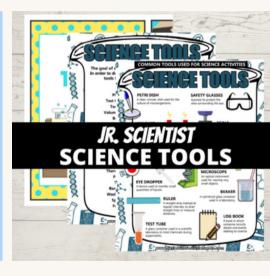

- ✓ Find manageable science, engineering, and art projects that kids love doing and are budget-friendly.
- ✓ Stop entering your email address over and over for each activity.
- ✓ Spend less time prepping with our easy instructions, templates and supply lists.
- ✓ Spend more time engaging with your students, groups or kiddos.

## **Meet the Little Bins for Little Hands Duo!**

Hi! My name is Sarah, and this is my son Liam. He's actually 13 now. We still LOVE playing around with science and STEM at home.

I shared a simple baking soda and vinegar science activity ten years ago with him. Since then, we've been hooked! Together we have enjoyed 100s of science experiments that are low cost, easy to set up, and just plain FUN!

I always aim to provide the BEST science activities and STEM projects that fit your time and budget! We hope you enjoy the materials we have put together for you today!

~Sarah and Liam
