

EASTER SENSORY PLAY

Sensory play is an essential part of early childhood education. These Easter activities are perfect for hands-on learning!

HOMEMADE PEEPS PLAYDOUGH

Get hands-on with a squishy, stretchy playdough recipe that mimics the iconic marshmallow Peeps.

EASTER EGG WASH

Set up a sensory bin filled with water, soap bubbles, and plastic Easter eggs. Children can engage in sensory exploration as they wash, rinse, and dry the eggs

POM POM SENSORY BIN

This simple Easter sensory bin filled with budget-friendly materials guarantees your kiddos will have a sensory-rich experience while developing fine motor skills.

PLASTIC EASTER EGG OOBLECK

Explore the fascinating properties of oobleck—a non-Newtonian fluid—by mixing cornstarch and water in a sensory bin filled with plastic Easter eggs.

DYED RICE SENSORY BIN

Dye rice yellow and add miniature chick figurines, plastic eggs, and scoops for a cheerful sensory bin experience.

SPRING GARDEN SENSORY BIN

Create a miniature garden scene in a sensory bin using soil, fake grass, plastic flowers, and toy gardening tools.

EASTER SENSORY BOTTLE

Create sensory bottles filled with yellow feathers, pom-poms, and plastic chicks or even glitter for visual and tactile exploration.

TEXTURE EGGS

Tactile sensory play is an important part of the body's processing system. Our texture balloons are great for tactile sensory play.
